

# CERAMIC TILE IMPRINT REMOVER

www.saniten.ca

February 15, 2014

*Acid cleaner designed to remove imprints on ceramic and porcelain surfaces left by tiles when they are stacked in boxes at the production site.*

## DIRECTIONS

Pour the product directly on the stains and spread on all the surface of the tile using SANITEN's Black Nylon Scuff Pad TP250. Let work 2 to 3 minutes while scrubbing the surface with the scuff pad. Do not allow the remover to dry on the surface. Rinse thoroughly with clear water and pick up. Repeat if necessary.

## CAUTION & LIMITATIONS

MAY IRRITATE EYES MAY IRRITATE SKIN  
DANGEROUS FUMES FORM WHEN MIXED  
WITH OTHER PRODUCTS. Do not mix with  
alkaline products. Do not get in eyes. Do not  
get on skin or clothing. Do not breathe  
fumes. Keep out of reach of children.

### FIRST AID TREATMENT

Contains organic salts.  
If swallowed, call a Poison Control Centre or  
doctor immediately. Do not induce vomiting.  
If in eyes, rinse with water for 20 minutes  
with eye lids open. If on skin, rinse well with  
water.
